

D

SERIES FIXED LOUVRE DESIGN

Our wide-span fixed blade design gives you the flexibility of ensuring your large fixed louvre banks impress visually, while still maintaining maximum airflow and weather protection due to increased blade depth.

The Airocle **D Series** is of precision sheet metal construction and provides efficient ventilation for buildings and structures.

- Maximum blade span: 2000mm
- 60% free open area
- Available in Colorbond steel and aluminium
- Manufactured in Australia

Want to know more? Ask us for the **D Series** Data Sheet or let our design team advise you on the best ideas for your project.
